**JULY 13, 2024
11 AM- 4 PM**

Brendan Felix was born March 13th, 2020 in respiratory distress and was diagnosed with a very rare Arteriovenous Malformation known as Vein of Galen; he was life flighted to UCSF Benioff's Children's Hospital in Mission Bay where he spent the first 4 months fighting for his life. He is the only known living child in Northern Nevada diagnosed with the Vein of Galen. He has undergone 10 brain surgeries as well as many other surgeries. His current diagnoses are Vein of Galen Malformation, Cerebral Palsy, Hydrocephalus, Epilepsy, and Cortical blindness. He will have to undergo many more surgeries and constant care of this amazing 4-year-old demands the family's time and money; many of his needs are not covered by insurance.

**Pipefitters Park
1110 Greg Street
Sparks, NV 89431**
